Inspiring the extraordinary

PROSPECTUS

Mission

In pursuit of excellence through developing socially responsible, innovative and result oriented global business leaders

Our mission is to develop innovative, result oriented and socially sensitive business leaders by providing dynamic platform with top class faculty and contemporary teaching methods for honing our student's skills and mould their minds into professional managers, ready to face challenges of the current business environment. We strive to create, inculcate, imbibe, translate and apply knowledge to address the needs of individuals, industry and above all the trust of the society. We communicate values and impart the skills necessary for individuals to lead responsible, productive, and personally satisfying lives; through research, scholarship, and creative activities and enabling our students to be managers, entrepreneurs, and leaders with strong cultural values, business ethics to succeed in the global business environment.

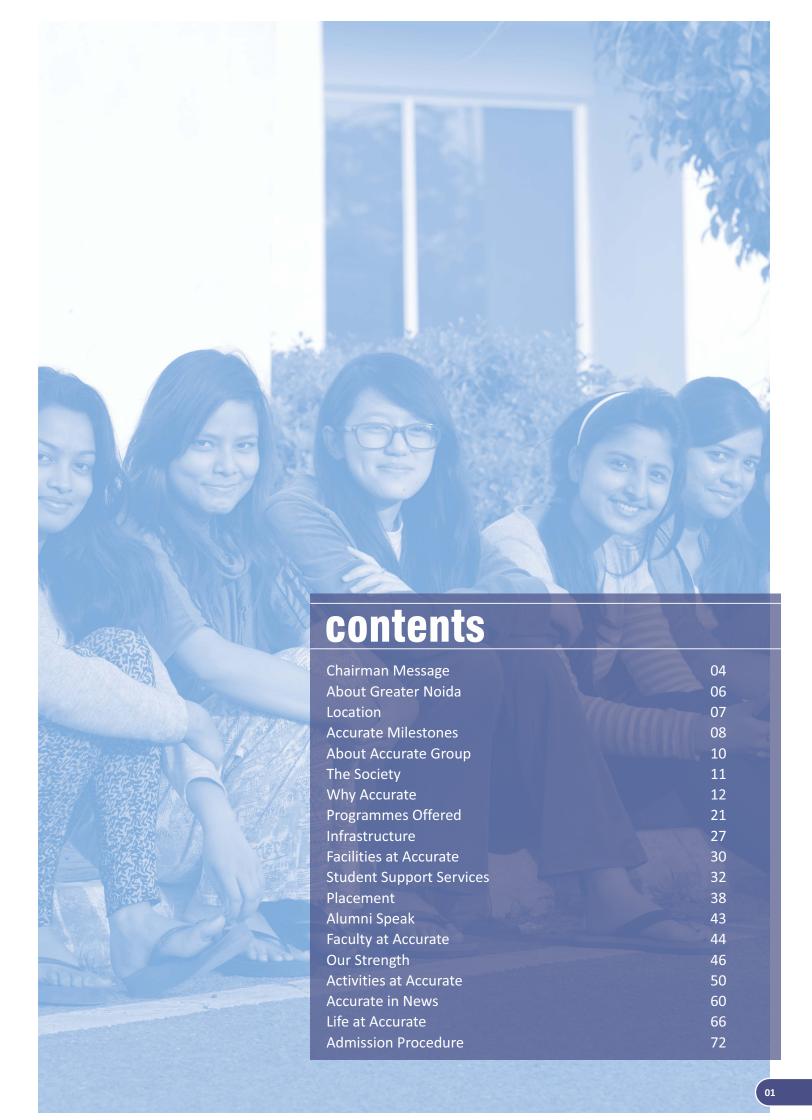

Vision

To be globally known as a centre of excellence in professional learning

We cherish with passion to be globally recognized as a preferred destination for quality education, research and a learning center for application of knowledge which is dedicated for the betterment of individual, society, nation and humanity in totality. We strive to instill in our pupil an understanding of the current and dynamic global environment and its challenges in order to best prepare them for a self determined and successful professional life painted in current unlimited global canvas. Assimilating a diversity of students from the length and breadth of the country under our tutelage, our prime focus is to foster an environment of uniformity that undermines the inherent disparities in culture, mental aptitude, and skill levels. We recognize knowledge as a means to unite our scholars in the face of cultural and social diversity and utilize its potential to the maximum to create a globally competent mind with a positive viewpoint towards challenges. We encourage students to think beyond the visible and stir their power of imagination.

Our vision is supported by our deep rooted culture of amalgamation of quality education with leadership skills which infuse our students with the requisite precursors for success. Our educational curriculum is devised not only to derive success out of life but also instill an acute sense of responsible living and a satisfying future in terms of social and aesthetic experience. Extensive research has gone into generating the ideal mix of class room learning, real life project based learning and extramural activities that makes students not just intellectuals but also quick to think on their feet, thus readying them for the journey to higher abodes of professional and personal life. We firmly believe in the need for change to begin right at the grass root level and that is the precise reason why we strive to inculcate spirit of innovation, creativity and achievement along with a sense of responsibility in our students. With this underlying vision, we undertake the sincerest of effort and most strenuous care to develop the right frame of mind for our pupils. We channelize all our resources to stand out as an institute and augments our endeavors towards becoming an organization of global repute and eminence. All our endeavors are directed towards fostering an environment of creative and conducive learning for our students which define our constant strive for excellence.

CAREER FOCUSED INTERNATIONAL MARKET DRIVEN KNOWLEDGE EXCELLENCE

ACCURATE MAKES THE DIFFERENCE

THE DIFFERENCE IS EXCELLENCE

FROM THE CHAIRPERSON DESK

"The aim of education should be rather to teach us how to think, than what to think- rather to improve our minds, so as to enable us to think for ourselves, than to load the memory with thoughts of other men because an educational system isn't worth a great deal if it just teaches young minds how to make a living but doesn't enlighten them how to make a life."

Accurate Institute has an unswerving dedication towards inculcating the right aptitude amongst our pupil. It is not just an educational degree that we provide but a perspective that will help students in their journey climbing through the rungs of the corporate ladder. To reach the top you have to have a winning aptitude and this is what we instill in our students. Being just bright is not enough anymore; recognizing this we have taken steps to infuse our curriculum with challenging aspects that contribute to a comprehensive growth of the mental faculties as well as a strong grasp over the intricacies of global business practices that serve the young scholars for years to come.

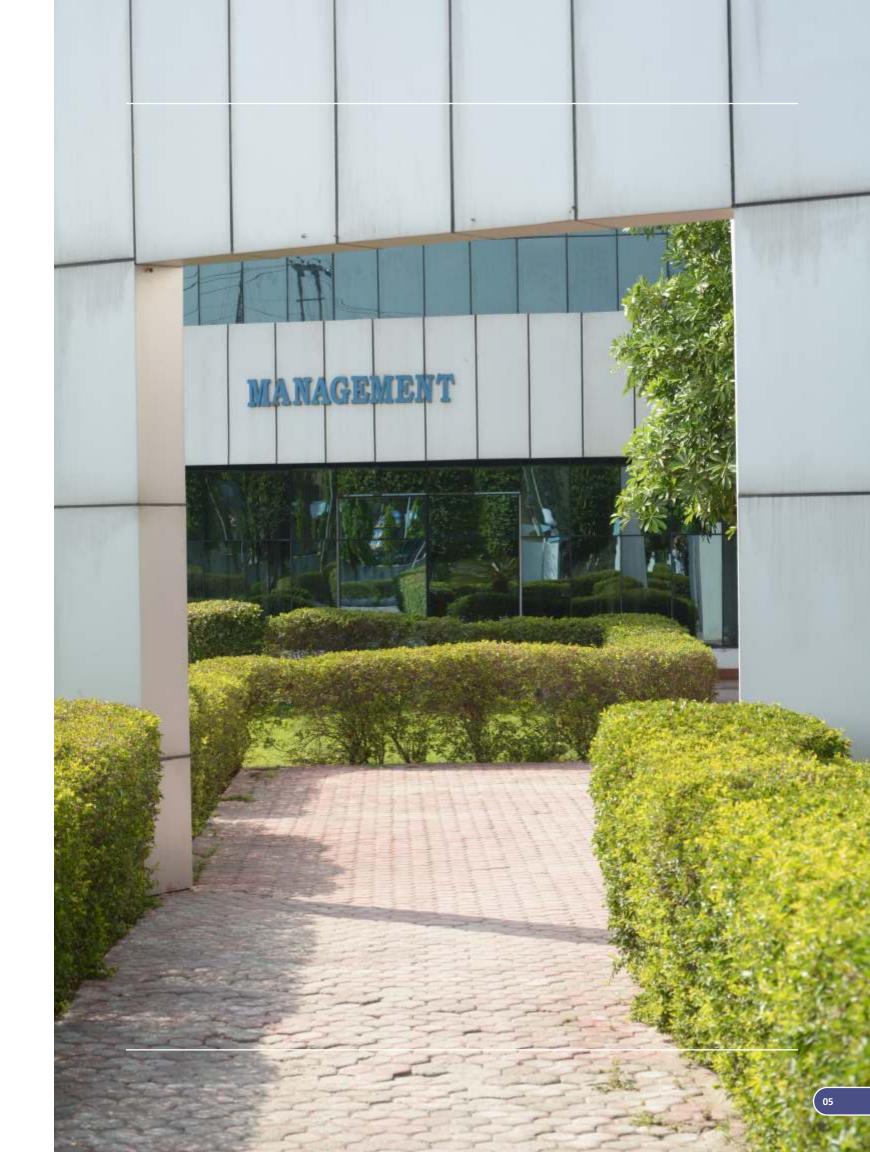

Strong academic and training programmes tailored around the needs of the current business scenario and level of competition lend our students the edge to make it successfully through their careers. Fostering an environment conducive to learning and presenting a stimulating and challenging milieu is what we focus on, enabling students to develop and hone their own analytical abilities and learn to be adaptive and proactive.

An education at Accurate is a complex array of instructions and interactions that prove useful in their fields of practice and contribute towards their success over a period of time. It is an endeavor to carve an imposing personality capable of taking challenges and meeting goals consistently. It is an attempt at shaping your professional as well personal life so as not only to make you successful on the professional front but also a more responsible and conscientious human being. It is as much of an effort from us as a participation from you. With the carefully crafted and intensively researched curriculum interspersed with aptitude and character building exercises, it is sure to be a life altering experience for a student. A commitment to better your present and your future is what we put forth; making the most of it is on your shoulders.

Let us grow together and make a mark where it counts the most.

Poonam Sharma

Chairperson

ABOUT GREATER NOIDA

Accurate is located in one of the most well-planned and green townships in India, i.e, Greater Noida. Greater Noida is not just a great place to study but also a great place to live. Located 25 miles to the south-east of New Delhi, India's capital, it was set up in 1976 under the U.P Industrial Development Act. Greater Noida is one of the most student friendly cities in the Delhi-NCR region. With various engineering, management & other educational institutions lined up here, students make up a large part of city's population.

It is a cosmopolitan city with a vibrant life. The city boasts of being the centre of the finest internationally reputed colleges & this is why known as Knowledge Park also. It has lush green surroundings, broad roads, a good public transport system and all the facilities needed to make a city worth living. Greater Noida offers its inhabitants the unique opportunity of being comfortably close to the best professional, educational, medical and recreational opportunities, without the disadvantages of typical urban setting, i.e, pollution, over-population, inadequate infrastructure, power cuts and of course heavy traffic. It is the best place in the vicinity of New Delhi, to study in.

Greater Noida has truly become a much sought after address for the elite seeking international standard infrastructure ensuring quality of life for both stay and work.

LOCATON

- Strategic location within NCR, well linked to domestic and international markets via Delhi
- Inter State Bus Terminal 30 min., Railway station 45 min
- International Air Port 1 Hour
- Well connected to Delhi, Noida by 8 lane expressway
- Wide roads & open spaces.
- Proposed Metro
- 24X7 drinking water supply
- Minimum pollution Best urban environment in North India
- Home to numerous well known Indian & Multinational companies

Greater Noida City

- One of the largest industrial townships in Asia
- Asia's biggest 18 hole, 458 acres PGA standard Jaypee Greens Golf Course.
- Residential, Institutional, Commercial and Industrial sectors have been demarcated.
- Educational hub with several Universities, Colleges and Schools.
- Also known as knowledge park.
- Greater Noida to emerge as an IT-ITES hub.
- Formula One racing Track.

ABOUT ACCURATE

Accurate Group of Institutions under the aegis of Accurate Education and Research Society, leading educational institution dedicated to providing students with a comprehensive and dynamic educational experience and a name to reckon with in the education domain, was established in 2006 with a vision to impart unparalleled education in the fields of Engineering, Management, Pharmacy, Architecture and Polytechnic alongwith initiating research and innovation, and consistently strive to take it to the top rung in the education field at national and international level. Since its inception with a futuristic vision, the institute has achieved immense success and is today rated among the distinguished few at the top in educational excellence. Accurate, thus improving the lives of millions, and zealously committed to raising the standards and scope of education in the Indian context and pursuing excellence in education and

Accurate Institute is committed to providing students with a world-class education that prepares them for success in today's rapidly changing world through innovative methods and a contemporary curriculum that meet the highest standards of education and create a pool of professionally qualified, technically skilled professionals and world-class entrepreneurs. Our faculty is composed of highly qualified and experienced educators committing to delivering the highest standards of education.

Accurate Institute nurtures students holistically, encouraging a variety of extracurricular activities and resources to support the personal and professional development of our students with state-of-the-art infrastructure and facilities.

Accurate Institute has received various prestigious professional awards conferred by independent rating

THE SOCIETY

- Providing education in various fields of Engineering Technology, professionally qualified and skilled managers and entrepreneurs of world
- Catering to different segments of the nation and to contribute constructively and meanigfully in nation's growth development.

The society has promoted the Accurate Group of Institutions including two management education oriented B Schools, namely Accurate Institute of Management and Technology (AIMT) and Accurate Institute of Advanced

awards conferred by independent rating agencies, and various social groups for setting new benchmarks of excellence in the field of Higher Education.

why ACCURATE

"Man is made or unmade by himself. By the right choice he ascends. As a being of power and intelligence and as the lord of his own thoughts, he holds the key to every situation."

-James Allen

The choice to pursue a management programme is a life altering one; a choice that would have implications for the rest of your years. Every success you aspire for is going to be a direct derivative of the choices that you make now. Your managerial tenure will reflect your years of preparation towards this goal. It is therefore exceedingly imperative that you receive the right impetus and the right inputs at a nascent stage; a stage that is going to decide your success and the extent of it.

By opting for Accurate to be the hotbed for your capabilities and aptitude, you would be stepping into a world of innovation. An institution that has made its name on demonstrable results, Accurate offers you the inimitable blend of insight, the most extensively drafted curriculum, a practice ground for your skills and a milieu that empowers your thoughts. We have the means to transform you from a mere apprentice to an authority in your field of choice and take you beyond success.

There are several distinctive offerings that Accurate brings to the table for your erudition as a management scholar. Some of them being:

A) CENTER FOR PERSONALITY DEVELOPMENT

A dedicated center for personality development aids students in shedding their inhibitions and moving forth to higher grounds, in the process transforming from learners to experts in the field. With the fast changing dynamics of the corporate world, it is imperative that any aspirant hoping to achieve success rides with the tide and incorporates the changes necessitated by a change in global outlook. With technology permeating all aspects of business and competition escalating at a disquieting rate, the only way to progress is by being the best at what you do. It is truly "Survival of the fittest" at a global scale and you either adapt or perish in the rat race. As Darwin had succinctly put it, "It is not the strongest or the most intelligent who will survive but those who can best manage change." One who is in sync with the rapidly changing demands and patterns of the neo modern world will be able to rise and those who linger shall lag.

It is to cater to these swiftly changing business equations that we have instated a specially designed Personality Development Center that identifies the traits and aptitude to be perfected and instills them in our students. A wide range of activities comprise the scope of this center including:

- Physical Appearance
- Communication Abilities
- Skills
- Attitude
- Mannerisms and Etiquette
- Personality Traits
- Body Language
- Aptitude
- Values and Ethics

DREAM EXCELLENCE INTEGRATED INTEGRATED INTERNATIONAL CAREER FOCUSED KNOWLEDGE FLEXIBLE

No management training is complete without a proper grooming of the personality of a candidate. Personality is made up of your physical manifestation of and the way you carry yourself. Globalization has brought forth the need for adopting the basic mannerisms of foreign lands and proper business etiquette. Unless you are groomed mentally, there is hardly any benefit from revamping your physical form. In this day and time, just knowledge won't suffice to take you to the top. The perfect business sense combined with pertinent social skills would have to work in tandem for success to come your way. A poised persona with an equanimous acumen will lay the road to your success.

This is why at Accurate we address both the aspects of your personality; internal viz. aptitude, attitude, morals, ethics etc. as well as external such as physical appearance, attire, body language, communication skills thus perfecting your personality for a thriving career. We bring about comprehensive personality development through a blend of the following techniques and exercises.

- Group Discussions
- Presentations
- Co Curricular Activities
- Meditation
- Competitions
- Psychometric Assessments
- Honing of Professional Skills
- Perfecting Social Etiquette
- Team Building Exercises
- Leadership Training ModulesPerfecting Communications

At Accurate, due diligence is adopted in shaping your personality and every aspect pertaining to it. Apart from personality traits, management specific facets like leadership quality, business aptitude, interpersonal skills, and decision making capabilities are also honed to precision. Individual as well as group performances are equally promoted. Towards the concluding stages of the programme, mock interviews and special counseling sessions are arranged for students to aid them for appearing in interviews. All this is done keeping you excelling in your career as the prime focus.

B) ENTREPRENEURSHIP CELL TO FACILITATE THE DEVELOPMENT OF BUSINESS APTITUDE

Another first from Accurate is the establishment of an entrepreneurship cell that prepares students for a career in business. With this initiative, Accurate has engineered a fresh breed of entrepreneurs who are self reliant and confident to take on the challenges of the business world by themselves and carved a name for itself in the education arena.

A dedicated body at Accurate is engaged in encouraging students to develop sustainable business ideas and power through the initial stages to develop a profitable venture. The entire process, from the inception to the incubation and finally execution is monitored under the able guidance of industry experts and faculty members constituting the Entrepreneurship cell. Having express expertise in

engineering and management to its advantage, the institute has been able to rise to the occasion and afford students with the necessary inputs to carry forward their brainchild.

In view of the fierce competition rampant in the corporate world, ay such ideas are welcomed, reviewed, and perfected by the panel of expert guides at the cell and students are encouraged to give wings to their ventures. This gives the students the inspiration as well as the confidence to handle and develop things on their own and further enhances the employability prospects.

The job at the Entrepreneurial Cell entails assisting students with:

- Developing business plans
- Testing their viability
- Entering inter collegiate competitions
- Guidance through the process of perfection to execution of the business plans
- Preparation of project reports and presentations for venture capitalists and evaluators
- Lending a hand with feasibility studies, market research, market and trend analyses, industry analysis, assessing economic viability, product/idea design, overcoming developmental impediments and other related activities
- Sourcing Funds

All in all, the cell plays an encouraging and vital role in students taking up entrepreneurial ventures. The key focus of the cell is to promote students thinking out of the box and venturing forth to generate innovative and sustainable ideas. Once the spark is ignited, it sets into motion of series of activities that lead the student to an enlightened and more positive state of mind thus proving invaluable for their careers. To aid students with the pursuit of entrepreneurship, Accurate has also pioneered several initiatives that impart our students with the necessary training and professional know how for developing and implementing business models. To name a few:

- ERP/Six Sigma Certification
- Improved Business Communication skills
- Efficacious and fluent presentation skills
- Assignments, Group Discussions and Presentation
- Periodic industry interface and visits
- Expertise in Foreign Languages
- Online Learning Management Modules
- 360 degree total transformation program
- Industry Based Projects
- Research Paper Analysis
- Practical Training
- Continuous assessment
- Individual and Group Training Exercises
- Seminars/Workshops/Symposiums/Conferences
- Simulations and software aided training programs
- Personality development classes
- CEO interface
- Forging Excellent Industrial Relations
- Placements and Internships in Organizations of Repute

KNOWLEDGE CREATES THE DIFFERENCE

These sustained and comprehensive efforts towards development of right management aptitude and instilling entrepreneurial spirit results in excellent management graduates leaving the folds to Accurate and ready to lock horns with the challenges presented by a corporate life. This rigorous exercise works in the favor of students graduating from Accurate as they find minimal adaptations to make while getting assimilated across industries. Accurate's approach of marching a step ahead of the norm bears great results for the institute as well as its graduates. Our constant assessment of industry needs and patterns and instigating changes separates us from the ordinary and gives our students the edge over competition in the long run.

Accurate is therefore the right destination for those who are willing to test their boundaries and challenge their limitations in the pursuit of knowledge and expertise. For those who believe in their capabilities and accept challenges head on, Accurate provides the ideal environment to excel.

C) ACADEMIC INDUSTRY INTERFACE

Another arena where we are perched comfortably atop the herd of the ordinary is the superb industry interface that we offer. On account of the years of expertise in the field and assisted by the excellent industry connections of our faculty, we are continually updated on the latest requirements of key industry players and this enables us to alter our curriculum and modules in keeping with prevalent industry norms and needs. This ensures our students are best prepared to face the challenges of the corporate world. The special curriculum review committee comprises industry experts, members of the faculty and authorities on the matter. This ascertains the most relevant course material is studied at Accurate. A quarterly meeting of the committee makes sure that only the most relevant is being passed on to the students and that their knowledge remains at par with internationally expected standards.

D) CENTER FOR CORPORATE RELATIONS

A dedicated Center for Corporate Relations (CCR) at Accurate takes care of the placement activities for every batch of students. With unparalleled industry relations and quality education at Accurate, some of the most prominent names in the corporate arena visit our campus for placement drives. The members of our Center for Corporate Relations deeply understand industry requirements and student aspirations. This enables them to arrange for the perfect industry interface and corporate exposure for students at Accurate. Besides placements, the Center for Corporate Relations also ensures excellent summer internship avenues for students so that they get the most pertinent industry exposure during their course.

E) INTERNATIONAL EXPOSURE

Globalization has opened the doors for students to be a part of Global MNCs and Foreign Corporations. To acquaint students with

the intricacies of operations in foreign lands, we have been taking our students on global business pilgrimage. In the past our student teams along with senior faculty members have visited the following premier universities and had intensive experience of global management education:

- Nanyang Technological University, Singapore
- University of Auckland, New Zealand
- Management Development Institute of Singapore
- National University of Singapore

Accurate also organizes visits to other global universities to afford students a hands-on experience of what life is like for corporate in these countries. Students also get a glimpse of what cultural barriers stand in their way and get an insight as to how to overcome them. Students on such trips are also awarded certificates for a 3 day workshop which further strengthens their profiles.

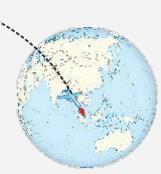

F) INTERNATIONAL SPEAKERS

Accurate group of institutions attracts eminent international scholars and academicians as faculty so that our students are able to get a rich mix of global research output as well as international best practice standards. These enlightened professors/speakers broaden our students' knowledge horizon and encourage them to go beyond book learning to experiential learning. They develop skills and attitude to face and succeed in the global competitive market place.

INTERNATIONAL EXPOSURE

- International Industrial Visit
- International Academic Exposure
- Cross Cultural Exposure

INTERNATIONAL TOUR

THE UNIVERSITY OF AUCKLAND

DREAM EXCELLENCE INTEGRATED INTEGRATED INTERNATIONAL CAREER FOCUSED KNOWLEDGE FLEXIBLE

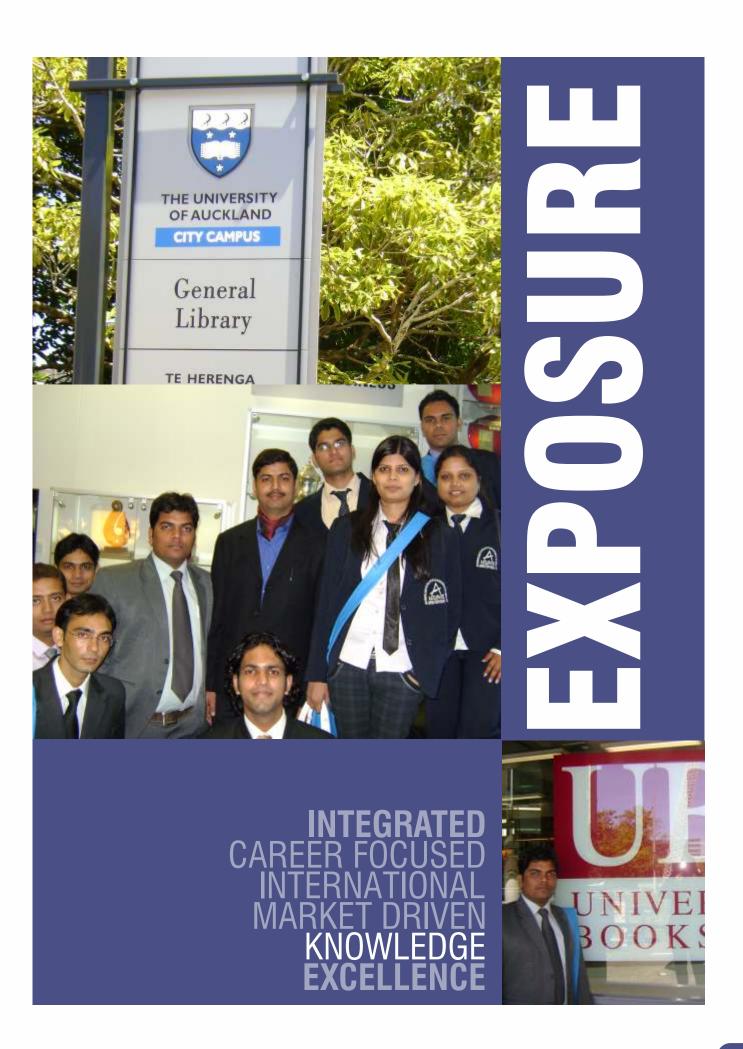

G) OTHER ADVANTAGES AT ACCURATE

Besides the above mentioned points, there is a host of advantages associated with pursuing your technical and management education at Accurate. At Accurate, we have assimilated industry wide best practices in our underlying values and philosophy, didactics, and every other aspect to ensure students graduating from our folds are never short on vision, commitment, knowledge, and competitive spirit. Life at Accurate transforms your outlook and very perception of life and you walk out our doors not just with a prestigious diploma, but richer in knowledge and perspective.

There are more to life at Accurate that emphasize our claims.

- Highly distinguished instructors of national and international repute
- Well Structured Curriculum and established didactic capabilities
- Special Focus on MDPs/EDPs/FDPs in line with industry needs
- Focus on development of a global perspective
- Case research based erudition
- Regularly Updated Curriculum in compliance with industry standards
- Life Skills Training Programme
- Business Incubation Center
- Pollution free E-Campus
- Exceptional ambiance, environment conducive to learning
- Dedicated security and support staff

PEDAGOGY

ACCURATE FOLLOWS UNIQUE AND UPDATED TEACHING LEARNING METHODOLOGY WITH

 $Imagination: \ \ We \ encourage \ students \ to \ think \ beyond \ the \ visible \ and \ imbibe \ the \ urge$

to do things differently and achieve success

Innovation: We provide an environment that stimulates the innovative ideas in students and equip students with the creative aspect required to walk

at pace with the world

Challenges: We encourage questions, push students to explore beyond conventions

and prepare them to face the challenges of tomorrow

LECTURES

The faculty members design their lecture delivery schedule with a special focus on incorporating the most relevant content for the budding managers. Lectures are optimally supported by presentations, case studies, management games, business games, business plans, financial modeling, quizzes, workshops, seminars and conferences.

AUDIO VISUAL LEARNING

It has been scientifically proven that visual stimuli prove much more effective in retention and comprehension. This fact is incorporated into the lectures at Accurate. The most updated techno savvy teaching aids are used like white boards, LCD projectors etc.

INDIVIDUALIZED ATTENTION

While it is important for progress that groups be instructed collectively, it is also imperative to attend to individual needs in order to fashion better managers. To achieve this, each student is given an opportunity to interact and master communications and concepts.

CASE STUDIES

The case study method of teaching at Accurate provides our students the analytical orientation to handle the real life scenario with higher degree of comfort. The students participate whole heartedly in all the three processes of development of case studies, analyzing case studies, and solving case studies by applying the concepts and ideas of management.

ROLE PLAYING EXERCISES: Exercises imitating practical workplace situations stimulate the thinking and decision making capabilities of students and hone their creative skills. In this world of ever changing business dynamics, it is important that managers be able to think out of the box and such exercises keep the students' resourceful approach alive. Repeated and periodic activities of such a nature allow students to assume an adaptive aptitude and promote positive and constructive thinking towards finding solutions to workplace problems of diverse nature.

PROJECTS & ASSIGNMENTS

Projects are compulsory and indispensable part of the curriculum at Accurate. All students are compulsorily required to undertake Research Projects/ Live Projects and prepare the dissertations according to their curriculum. The Summer Internship Project of eight week duration wherein a student is required to undergo practical training in a corporate house or may undertake a research project under the guidance of a faculty member.

CONFERENCES. SEMINARS & WORKSHOPS

The Seminars and workshops on different contemporary themes in accordance with the latest trends at global and the national level at Accurate make it markedly different as they focus on the areas of crucial and strategic importance and focus on providing the students the special edge over their colleagues. Making a base for knowledge expansion and engaging students in healthy discussions and interactions with

the visiting faculty and within peer groups enables them to spell out their doubts and have them eliminated. Furthermore, it also improves interpersonal communications and teaches the students vital lessons in Group Dynamics.

INDUSTRY INTERFACE and GUEST SPEAKERS

The Triple I (The III) or Industry Institute Interface is a tool effectively utilized to the maximum for the amelioration of students' understanding at Accurate. This not only improves the quality of education they receive, but also emboldens them for interpersonal interactions in the long run. The curriculum revision committee consists of the faculty members, leading academicians from the other reputed and leading institutions and representatives from the corporate world. The committee meets every quarter to review the dynamics of change in the needs of the industry and recommends the necessary changes in the curriculum. Special lectures industrial/academic by various eminent speakers are emphasized at Accurate to provide the latest update directly from the doyens of management

SUMMER INTERNSHIP PROGRAM (CORPORATE EXPOSURE)

During their time at the institute, students are exposed to academic environment which is different from the work environment that the students will face after graduation. Students therefore have to undergo summer internships during the summer break after completing the first year and earn academic credit for the experience as specified in the curriculum. To earn the credit, the student is expected to maintain a log of his/her activities. At the end the summer internship, a report along with a completion certificate from the company where he/she had received the training is to be submitted to the Faculty Advisor/ Coordinator of his/her programme for evaluation. Based on the summer internship report and performance of the student during the related vivavoce, an appropriate performance grade will be awarded.

PROJECT/RESEARCH BASED LEARNING

Students are expected to engage in innovative project/ research work during their study for the credits prescribed under their curriculum. Through the project/research work, students are expected to demonstrate that the programme learning outcomes are being met and they have the ability to solve problems using the knowledge gained in the courses. Depending on the nature of the research or project, students could be engaged as individuals or as a part of a project team. Each student/team will be assigned a faculty member as guide. In case of group projects, the individual project report prepared by each student in the group will have different project titles to highlight the individual's contribution to the group project. The students must submit their original work only. Use of plagiarized or copied work is strictly prohibited and will result in a failing grade and the student will be required to repeat the entire subject

FOREIGN LANGUAGE

The students will get the chance to learn one foreign language (German or French or a suitable one) during their course. This equips the students to move into the international market.

19

PEDAGOGY

LAPTOPS- THE DIGITAL COMPANION

Seeking to enter the sacred confines of the corporate world, students must first acquaint themselves with the requisites of the same. And the very first requirement of the modern day business world is the ability to stay connected at all times. Corporate executives are forever on the move and they need to maintain all data pertinent to their jobs handy.

To get into this lifestyle, every student at Accurate is provided a laptop with current configurations of hardware and latest versions of software used in business settings. These laptops help them in staying in sync with the latest developments on the business front as well exploring the internet for enhancing their skills and knowledge. Students also compile and maintain their notes in a digital format for references on a regular basis as well as use the laptops to prepare the project reports and assignments. The laptops also act as a tool to access course curriculum in and out of the lecture hall for the convenience of students.

With the help of the laptops provided, students accustom themselves with the latest advents in business and learn to use technology to their benefit. As managers are required to be ready for a presentation with relevant data at all times, carrying

a laptop gives students a chance to familiarize themselves with all the latest hardware and software trends pertaining to business operations making them technically strong.

PROGRAM STRUCTURE

The two-year PGDM program consists of six terms. This is also a dual specialization program where students can choose two elective areas from a range of functional areas such as Marketing, Finance, Human Resources, Information

Technology and International Business. The program is a full time program offered from Greater Noida campus. Students go for industry internship program after the third term (at the end of first academic year) for about two months.

The entire curriculum comprises 5 Foundation courses, 15 Basic Core courses, 12 Functional Core Courses, 5 Specialized Elective areas each having 6 subjects and 4 soft skill development courses. A student has to register for any two of the five elective areas. Corporate industry is demanding and the fresh graduates are required to deliver discernible results right from day one. It is therefore absolutely imperative that students opt wisely and master their subjects to excel in the specialization of their choosing.

INFRASTRUCTURE CREATES THE DIFFERENCE

INFRASTRUCTURE

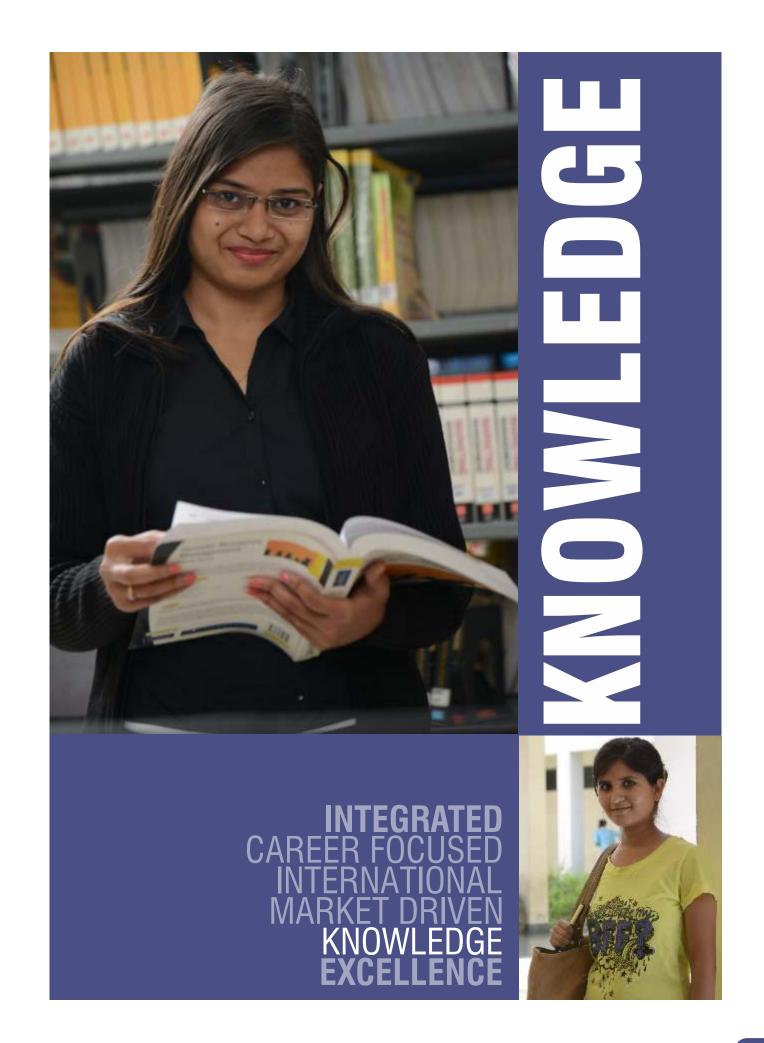

For a place of learning, deemed for pursuit of higher education, necessitates a expedient, appealing and accommodating infrastructure. In this regard Accurate excels with flying colors. Preferring an environment conducive to learning for the students is just one of the aspects of our infrastructure. We appreciate how an aesthetically pleasing, calm, and serene milieu can contribute to a scholar's benefit. In view of the changing global business environments, we have outfitted our campus with every modern amenity while also making it adequate to meet the diverse needs of students from all parts of the country. A carefully achieved sync between the global and local backgrounds is what makes Accurate unique and every bit of it shows in our campus.

At the heart of an educational institutions, infrastructure plays a subtle yet tremendously fundamental role in the pursuit of knowledge and its quality and ingenuity are what lend weight to the institution's repute. Having been awarded for its infrastructure and initiatives for novelty, the campus at Accurate institute stands as a tall ode to the values of excellence that we so cherish. In conjunction with a vast and striking campus, Accurate also boasts of being a pioneering E-Campus which has been recognized as a mark of the finesse we offer to our students. In this respect, Accurate stands shoulder to shoulder with major B Schools of the country and is one of the best furnished and equipped campuses in the entire northern region. This campus also stands as a testament to the devout allegiance that we have avowed towards investing in this country's didactic future. At Accurate, we undertake every conceivable endeavor in ensuring unrefined talent is amply and suitably honed to churn out the best professionals in business, an assemblage of managers ready to be assimilated into the folds of the corporate world. Every beam in the infrastructural cog can be individualized to discern their role and importance in the entire scheme of things as below.

THE CAMPUS

Spread across a sprawling 16 acres of land in the knowledge hub of Delhi/NCR, Knowledge Park, Greater Noida, the institute is a sight to behold in its magnificence. The close proximity to industrial and corporate hubs affords students the unique and vital chance to liaise between studies and practical exposure and also makes placements more fluid. An amiable and conducive environment encourages engagement in scholarly activities more focused thus deriving the maximum value out of a course pursued at Accurate. Taking into account the fact that placement constitute an important part of management studies, industry propinquity provides a brilliant opportunity for students to be a part of the Corporate World in Delhi NCR and across the length and width of the country as well as abroad as soon as they conclude their course.

First rate technical support, a WI-Fi enabled campus and rich learning prospects are what delineate Accurate from the ordinary. Technologically superior adaptations at Accurate ascertain better tutoring, grasping, and personality development among our students. The institute has gained repute over the years with respect to the advanced and pertinent curriculum and technological innovation employed in imparting knowledge.

INFRASTRUCTURE CREATES THE DIFFERENCE

The confines of a classroom can be dreary and monotonous to an imaginative and inquisitive mind. However, at Accurate, the conventional notion of a classroom is left far behind. Here, the classroom is more of an interactive forum wherein students and instructors engage in a mental exercise to extract the best out of your potential and the presented situations. A dynamic environment keeps your mental faculties sharp and focused and brings forth the best of results.

The very outlay of classrooms at Accurate, set in the form of auditoriums with step-up seating arrangements, instigates discussions and provides for an interactive environment. Furthermore, the classrooms are acoustically perfected so enable clear dissipation and better reception of sound. Additionally, they are also outfitted with best in class technological aids like projectors and audio visual systems to ensure engaging lectures. Classrooms are air conditioned as well for the comfort of students and promoting prolonged classes and discussion sessions.

FACILITIES @ ACCURATE

COMPUTER LAB

LIBRARY

LECTURE ROOMS & CONFERENCE, SEMINAR HALL

HOSTEL

STATE OF THE ART COMPUTER CENTER

Taking cue from the decisive and essential role technology plays in today's business settings, at Accurate we have outfitted our computer centers with the latest technology has on offer to acquaint out students with the communications needs in business. A round the clock unbridled high speed internet connection further aids students in pursuing their studies at their convenience. All the machines making up the computer facilities are kept up to date with latest hardware configurations and software version to benefit the students as much as possible.

The internet and intranet connectivity across campus, multimedia ready workstations, firmware and software support and seamless broadband connection make a wonderful platform for students and instructors alike to emulate corporate environment and get a real time feel of operations at a corporation.

THE LIBRARY

For an inquisitive and open mind, there is nothing better than a library to quench the thirst for information and comprehension. At Accurate, we recognize this need and identify with it providing for the most fertile breeding place for aptitude and acumen. A vast array of books ranging on topics from course ware to general interest and specific requirements adorn the library at Accurate. The library is run on automated software making sorting, indexing, and access easy for our students. Ranging from periodicals to journals to reference materials and case studies on management and allied subjects, our library houses it all. As beneficial as it is for a group discussion or an assignment, it is also a great place for some deep contemplation and acquainting oneself with the deeper recesses of knowledge.

Housing over 18000 volumes of books and subscription to over 80 journals of national and international stature, our library also offers a wide gamut of newspapers, management magazines, reference books and e-journals; all made possible on account of the contemporary digital and internet ready computerized facility. For a student committed to the pursuit of wisdom beyond the confines of their classroom and intent to go deeper than the text books, there truly isn't a better world to explore.

CONFERENCE AND COLLOQUIUM FACILITIES

Symposiums and seminars are as important a part of management education as any text book or course curriculum. These are the avenues where students learn to break the barrier of being ordinary and start delving deeper into the fruitful alcoves of inquisition. Besides providing a platform for group discussions and mass lectures, it also provides a place for visiting wisdom at the institute. With this sole purpose intent, there are 2 capacious conference halls equipped with the best of audio visual facilities to enable seminars. Various aspects of management training like presentations, intellectual competitions etc. entail students going beyond the realms of the classroom for which these centrally air conditioned conference rooms make the ideal choice.

Furthermore, visiting guest lecturers, motivational speakers, and management experts also make use of these conference halls for enlightening the young minds all at a time. In addition, these are also employed to hold fests, other competitions, and other general entertainment purposes.

CAFETERIA

As the old adage goes; "All work and no play, makes Jack a dull boy". The students at Accurate too need their fair share of time to let their hair down and engage in some good natured friendly jockeying. Their taxing schedule and unrelenting competition leaves little space to indulge in rejuvenation and more often than not, lest the studying becomes too monotonous, they need time to bond with their peers on a sociable note.

To facilitate this whiff of fresh air in an otherwise demanding day, the cafeteria at Accurate is an inviting affair; catered by Bikano and serving a wide gamut of Indian and Chinese delicacies. For a quick bite and a relaxing time for friends, there is nothing better than the welcoming aura of good food and an enjoyable atmosphere.

And for the breaks in between lectures, to refuel and reenergize, the campus also houses a Nescafe outlet that serves Italian snacks and a stimulating range of blends for the tired mind.

FEEL AT HOME

HOSTEL

The life of a student is indubitably demanding and strenuous and it takes a lot to cope with the pressure of studies, competition, and being hundreds of miles away from home. Even a modicum of warmth is most welcome under such circumstances. Paying due attention to this requirement, we at Accurate have made in campus lodging and boarding arrangements for students that stand second to none in making the students feel welcome and relaxed.

A hostel for a student is not only a place where they put up during the course of their study programme; rather it is a veritable platform for peer to peer bonding and interactive learning as well. Lectures sometimes leave students in need for a simpler way of comprehension. The relaxed atmosphere of their hostel and relative ease of communication with their peers provides them this opportunity. The hostel facilities at Accurate have been planned and built in a manner that they provide the necessary calm and serenity combined with the perfect ambiance and essential amenities for a life of comfort for the students.

The aesthetically designed hostel accommodation offer several facilities to students including:

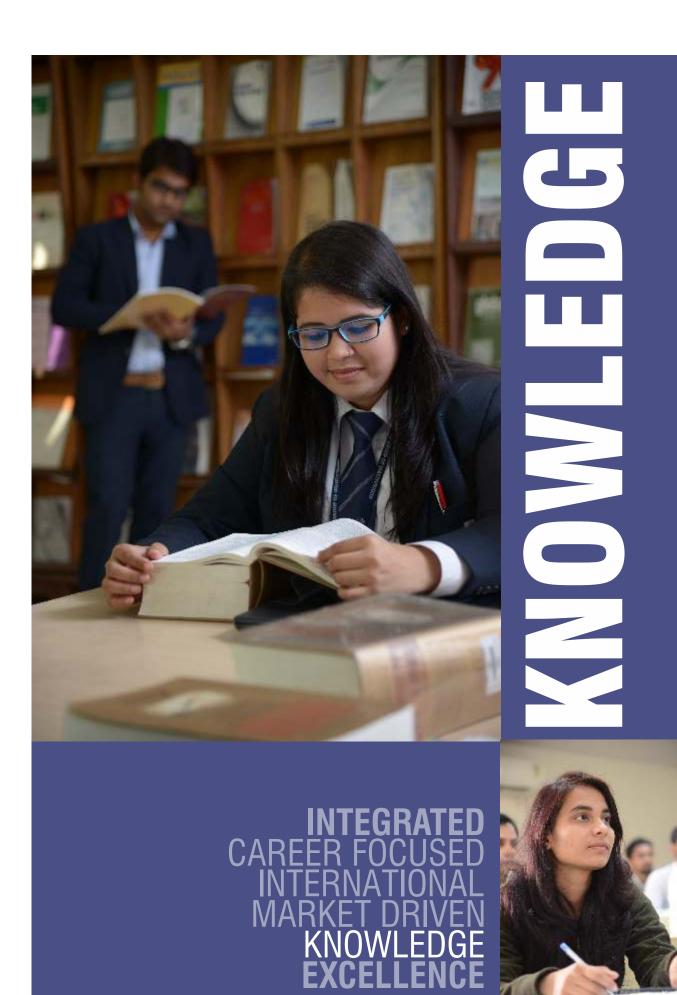

- Separate lodging arrangements for boys and girls
- Capacious rooms build in contemporary architectural style fitted with modern amenities and the best of furnishing
- Exceptionally well maintained standards of hygiene
- Two categories of lodging arrangements: Single (on a nominal supplementary charge) and liberally spacious well ventilated rooms on twin sharing basis
- Study tables, cupboards, beds and basic furniture for each occupant of the room
- Each floor decked with well maintained and clean washrooms and restrooms
- Running hot water for winters
- 24 hour power back up for uninterrupted study and discussion sessions
- Tastefully adorned common rooms with facilities for general entertainment like Television, news papers and an assortment of magazines for leisure and scholarly purposes
- Enclosed recreational engagements like table tennis, carom, and pool table for those so inclined
- Dedicated and accommodating hostel staff and watchful security personnel to ensure student safety and well being

There are many pros for a student boarding at the hostel in Accurate; the liberty to use institute facilities like computer center and library for an extended period being a few of them. Warm atmosphere at the hostel, in conjunction with the extremely cooperative and accommodating staff make hostel stay a wonderful learning experience for the pupils of the institute.

STUDENT SUPPORT SERVICES

The demographic, cultural, social and educational backgrounds that our students belong to, make them a veritable cornucopia of personalities and predicaments. The inherent divergence also makes them susceptible to a range of quandaries that need to be nipped in bud lest they transform into unconstructive traits. Taking into account the multiplicity of natures and aptitudes to be dealt with, it is imperative to put into place a carefully constructed approach that is comprehensive yet individualized in its application. The very nature of the environment our students will cross over the threshold into necessitates the quality to be consistent across the batch of students for them to find easy assimilation into the corporate world where they will be tried and tested on various fronts.

To ensure this uniformity in their conduct and aptitude and their suitability for various positions with the business community, we have, with due deliberation and diligence, devised an extensive and distinctive system with various interconnecting cogs each of which contributes to addressing students' needs and supplements the infrastructure and tutoring they are privy to. The key elements of this system comprise:

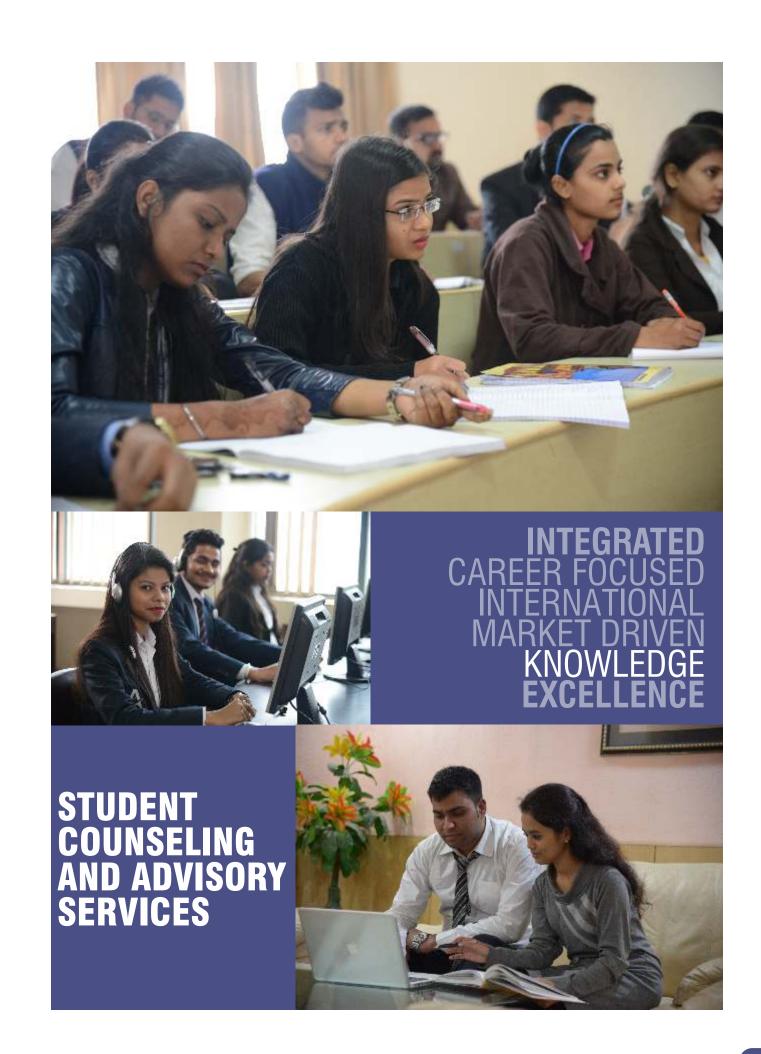

STUDENT COUNSELING AND ADVISORY SERVICES

High expectations and unrelenting competition can affect the composure of the best poised individuals and can lead to performance issues in the short as well as long run. The demands of a professional course, staying away from home, challenges in coping with the environment; there can be any number of issues that may be keeping a student from performing their best. Such predicaments and uncertainties are best tackled professionally. For this very purpose, a team of counselors provide one to one analysis sessions to eradicate any unconstructive developments in aptitude and alleviate any reservations that a student may harbor. The team of counselors at Accurate is an experienced group of professionals who analyze and assuage students' credentials whether related to the course, the environment, or any such reasons. They also provide medical advice under the supervision of licensed medical practitioners as and when need be.

SUPPORT SERVICES

CAREER GUIDANCE

Despite having made into the folds of a prestigious professional programme, it is not always possible for students to aptly judge what would be the best career move going forward. It is moments like these that call for the expert help of the members of the career guidance desk. This team of professionals feeds students with relevant inputs and proffers necessary guidance and industry insights, thus helping them make progress down the right path. Much of the corporate world is unintelligible to the pupils till they have had some practical exposure. To aid in such matters, the experts at Career Guidance provide counsel to the students. It is also under the purview of this team to arrange for seminars, professional talks, industry visits, and student workshops so as to provide the much needed insight and puts them in touch with accomplished professionals for inspiration. Though the scope of their work extends to almost everything practical, the primary areas of concern for the Career Guidance Team remain:

- Assisting with choice of major and minor disciplines for students
- Exploring avenues for Summer Internships
- Final Placements

MENTORSHIP PROGRAMME

It has been rightly said that, "The mediocre teacher tells. The good teacher explains. The superior teacher demonstrates. The great teacher inspires."

At Accurate, every member of the faculty is a veritable reserve of experience and insights. To capitalize on their knowledge and proficiency and to derive the maximum benefit out of their long years in the field, we have originated a mentorship programme to the advantage of students wherein each member of the faculty is assigned a group of students to nurture intellectually. In the capacity

of the mentor, the faculty is responsible for a comprehensive growth of the group's intellect, outlook, personality, and relevant aptitude. Students are further encouraged to direct their concerns, qualms and queries towards their mentor.

Thus, in addition to mere coaching, the vast reserves of experience that each faculty member holds are put to constructive use and aids in shaping the future of students in an ingenious and personalized manner.

EDUCATIONAL LOAN

It is not within the means of every aspiring candidate to bear the cost of quality management education. However, at Accurate, we don't let you deter from an opportunity to pursue your goals on the mere grounds of inadequate funding. The administration office assists your cause by providing relevant and satisfactory information on how you can get hold of resources for your career choice.

Banks provide educational loans to deserving students and the administrative staff at Accurate puts you in touch with the pertinent authorities. Any student seeking admission to an institute approved by AICTE, Ministry of HRD, Govt. of India for pursuing higher education can avail of an educational loan upon fulfillment of the basic requirement of the financial institution. Repayment of an educational loan starts a year after completion of your course or six months of securing a job. One can avail a loan amounting up to Rs. 4 L without a security deposit. Amounts above 4 L would require a third party guarantee.

For admission to Accurate, loans facility can be availed from any bank after fulfillment of the basic criteria and terms and conditions set by the financial institution in this regard.

A list of documents required to support an application for educational loan at these banks is appended below.

STUDENT SUPPORT SERVICES

- Loan Application on Bank Specified Format
- Passport Sized Photographs
- Proof of Permanent Address
- ID Proof
- Proof of Age
- Proof of having secured passing marks in the last qualifying examination
- Letter of admission
- Prospectus of the course mentioning detailed charges like admission fee, tuition fee, examination fee, and hostel charges etc.
- Details of assets and liabilities of parents

TRAVEL SUPPORT

Seeing as many of our students belong to distant geographies of the country and many others commute daily from nearby areas, a dedicated travel desk has been set up at Accurate that keeps an updated information on the schedules of buses, trains, airlines and other public transport and allied services. This is especially useful to students with visiting family as this removes the inconvenience of altered schedules. Travel to and from campus is assisted by the travel desk. In addition, they also provide assistance to students at the time of vacations.

MEDICAL SUPPORT

On account of the hefty strength of students at the institute, medical services have also been arranged for within the campus premises. For any unforeseen circumstances involving a medical requirement, a sick bay has been set up in the campus which provides first aid and basic medical care to students in their time of need. Any medical exigency is expediently handled and students are transferred to appropriate medical facilities if required. In addition, a qualified medical practitioner also visits the hostel premises recurrently to tender medical care to students and for follow up of previous cases. Consequently, any student requiring medical attention is taken care of within the campus itself.

SECURITY

Security of our students and faculty while on campus is an aspect on which one would find no clemency at Accurate. Attentive and vigilant security staff in the form of ex defence personnel is employed at the institute to keep any miscreants and troubles at bay. Round the clock vigilance is maintained in a professionally supervised manner to offer the safest and most congenial environment to our students while at Accurate.

COMMON ROOM OUTFITTED WITH EQUIPMENT FOR INDOOR GAMES

As an individual's personality development is crucial while pursuing a professional, so is to learn group dynamics and teamwork. It is a known fact that many corporate organizations also employ light sporting events to enhance collaborative behavior and team work. At Accurate, we mimic this activity in the common room. Here students can indulge in some leisurely activities and also explore areas of mutual interest. While this rejuvenates their minds and bodies, it also proffers a chance to try their hand at learning practical group dynamics through an assortment of activities like engaging in a friendly match of ping pong, a round of pool or challenging their mental faculties by being absorbed in a demanding duel of chess skills. This not only improves group dynamics, it also strengthens their interpersonal skills, communication, strategic decision making capabilities, and implementation prowess.

35

100% Placement (How We Do It)

The Journey At Accurate Begins ACADEMIC INTERFACE

WHY ACCURATE IS RECRUITERS CHOICE?

- 100 % placement track record for the past 6 years.
- Happy and satisfied alumni at top positions working nationally and internationally.
- Good retention ratio (students ratio in sustaining in the job selected).
- Ranked amongst top 10 in various placement surveys by individual agencies.
- Increasing corporate satisfaction and selection ratio by conducting regular pool campuses.
- Students trained with industrial and academics values.
- Increasing numbers of pre placement offers year by year.
- Best corporate infrastructure.
- Providing Best and Most comfortable Hospitality to the Recruiters
- Matching corporate expectations resulting into repeated and regular corporate recruitment process.

PLACEMENT AT ACCURATE

Any student looking to joining a professional course would consider placements as the primary yardstick to measure their prospects. This fact pushes the placement exercise to the very top of the outline of a management institute's operational activities. The entire course structure is designed with this eventual goal in mind and throughout the duration of the course, every single activity is directed towards achieving this goal. At Accurate, the rigorous exercises a student passes through during their journey, whether academic, co curricular or developmental boils down to this final variable. To ensure the best avenues for our students in the corporate world, we have set up a dedicated and efficient Center for Corporate Relations (CCR) that tirelessly works towards securing lucrative and satisfying opportunities for aspirants across Delhi/NCR or the length and breadth of the country and even overseas. During the period of the course, CCR directs its energies towards affording students decent and pertinent corporate exposure which comes in handy during their final placements. In this way, the primary function of the CCR is to act as the intermediary between the industry and the institute.

Accurate undertakes strenuous endeavors in securing crème de la crème of corporate jobs for its pupil. This endeavor is aided by the concerted efforts of the placement cell, faculty members, industry relations, and alumni of the institute. During its numerous years of operations, CCR has developed some distinguished industry alliances that help the students bag very rewarding job offers. Deep rooted connections with the top brass of prominent corporate houses ensure the best of opportunities come our students' way to capitalize upon.

KRAs at CCR

- Industry Institute Interface
- Organizing Industry Visits
- Outlining Management development programmes/ Seminars/Workshops
- Developing the personality development framework
- Pre Placement Counseling

The activities at CCR are a factor of the combined efforts of members of CCR and student community. Certain activities that students actively engage and contribute in are:

- Development and Execution of Placement Strategy which gives students good exposure towards industrial relations
- Undertaking recruitment survey giving them a chance to interact with students on their expectations
- Interaction with corporate managers regarding placement drives
- Institutional presentation at various corporate houses
- GDs, interviews, and Skill Development Sessions
- Career Counseling

INDUSTRIAL VISITS

Industrial visits are extremely central to a management education as without a practical insight into the operations of an organization, students won't be able to put their conceptual education into perspective. At Accurate, we believe in maintaining equilibrium between theoretical and practical knowledge. To achieve this end, we take our students to visit several industries enabling them to gain a hands-on experience of the intricacies of business and dynamics of the corporate world. These visits acquaint students with the predicaments of a business and develop their problem solving aptitude.

These visits serve to bring students face to face with the work environment they are likely to encounter once they step into the thick of things. They also act as a medium to bridge the gap between the studied and the perceived. Furthermore, these visits also act as a ground for students meeting their potential future employers, assessing themselves on their expectations and gaining insights into the corporate way of thinking.

ALUMNI SPEAK

Alumni are the shining beacons that corroborate the success story of Accurate. They represent the individuals who have had the life altering experience at Accurate and are now enjoying the relishes of a professional degree from Accurate. They also stand as the bond between the institute and the industry. In this capacity, our alumni play a key role in shaping the futures of the forthcoming batches. At Accurate, we arrange for regular interactions of students with the alumni to give them an insider's view of corporate world. Interactions with alumni enable students at Accurate to learn the key focus areas and concentrate on perfecting the most pertinent skills. At times, alumni are also the linking elements between the institute and the industry for final placements. These alumni

represent the best of Accurate that have left the folds to live their dreams. They are th multifaceted liaisons between the past, the present and the future of the institute.

At Accurate we are committed to nurture future Managers, who are business enablers and are proactive in facing the market challenges.

Mr. Satish Verma VP,CCR

A competent, energetic and creative manager thats what i call myself today. Thanks to my Almamater where the best combination of environment facilities, faculties provides the ultimate ground to unleash my energy, open my wings and soar high knowing there is someone to hold hand and teach the best. Thank you Accurate for making my dream come True.

Mayur Kumar (30.0 LPA) Abu Dhabi Commercial Bank (UAE)

I like to thank Accurate Group Of institution and the faculties for providing their valuable guidelines in building my career. It is their hard work and esteemed guideline which helped me getting groomed for this competitive world.

Sheetal Sinha (8.5 LPA) Mythra Energy

My education at Accurate has equipped me for this job and my enthusiasm ensured my success. Various activities such as SIP's, workshops and seminars at Accurate helped me a lot to inculcate the insights of the corporate world.

Mohsin Khan (8.17 LPA) Company : Capital Via

Joining Accurate is the best thing that had happened to me in the last year or so. And i've never looked back since then. Studying at ACCURATE is an experience in itself. The Director, Placement Department and staff are very Supportive in all nature.

Priyanka Kumari (6.85 LPA) Bank of Maharashtra

Completion of my professional studies at Accurate has been one of the best decisions of my life. I am what my institution, faculty and friends have made me today. A healthy, open conductive environment to learn, practice and grow cannot be provided in the best combination as is here. Practical learning has infused in me the positive attitude that one must have towards life.

Ravi Verma (6.0 LPA) Square Yards Consulting

STUDENTS' SPEAK

I am Sakshi Talan, at Accurate. We had a Diwali fest at our college. It was quite surprising to see that amazing celebration. Accurate Business School is the best institute for management courses & the best placement college for management in Greater Noida. My heartfelt gratitude to our institute and all teachers.

- Sakshi Talan

My names is Utkarsh Bhatnagar, studying at Accurate, Greater Noida. Our seniors and loving teachers conducted a Diwali fest, I enjoyed it a lot as I also participated in those activities like shayari etc. It was a lot of fun for me and my friends.

- Utkarsh Bhatnagar

My name is Saksham Jangid, studying at Accurate in Greater Noida. The campus of Accurate College is very beautiful and even the playground is large. Sports activities are held every weekend. Our college's faculty members are extremely pleasant and cooperative and the way they teach is good as well.

- Saksham Jangid

I chose the PGDM course as I wanted to be a manager. I searched all over and found Accurate College. The faculty here is excellent with experience, they clear all our doubts, I'm a Hosteller and I'm enjoying my hostel life a lot. Accurate has the best PGDM course in Greater Noida.

- Abhinav Dubey

I Mahak Chauhan, studying at Accurate, our college organized a Diwali fest "Prajjvalit" to celebrate occasion of Diwali. I enjoyed the fest. We had activities like, dance, rangoli etc. I thanks everyone for such a beautiful fest.

- Mahak Chauhan

I am Mansi Chauhan studying at Accurate Business School, Greater Noida. AIMT is one of the best colleges for knowledge and learning, with excellent infrastructure, security, and recreational facilities, placement are very good. AIMT College has a big campus with a sports field, canteen, medical room, indoor game room, and gymnasium grooming activities such as debates, quiz, extempore etc.

- Mansi Chauhan

STUDENTS' SPEAK

I am Manisha Kumari from Noida, student at Accurate. I chose to study at Accurate to learn about corporate culture and to have broader job prospects in business. Facilities, infrastructure, faculty and education style are all good. My heartfelth gratitude goes to our director and faculty members.

- Manisha Kumari

I am Pratibha Dubey, student at Accurate. My time at my institute has been the most beautiful of my life. Accurate is truly the best institute for management courses in Greater Noida. We celebrated Diwali at Our institute and had real fun. I really get the positive vibes studying here.

- Pratibha Dubey

I am Kashish Sah from Nepal, a student of Accurate Group of Institutions. We had a Diwali fest at our institute. My experience was very beautiful . Accurate is truly the best institute for Management programs in Greater Noida, Delhi NCR. My gratitude goes to our director and our faculty members.

- Kashish Sah

I am a PGDM Student at Accurate Institute of Management and Technology, the top college of PGDM in Delhi NCR. We have excellent knowledgeable faculty with years of experience, and the campus ambience is quite positive.

- Anchal Pandey

Accurate Institute is very good for PGDM Course and the faculty are cooperative and knowledgeable. Our Alumni are placed in good companies and placements are 100% every year. Accurate is Best Placement college for PGDM in Delhi NCR.

- Vaisheshik Gautam

I am Tanya Pathak, a student at Accurate Business School. I am having a great time at college. Accurate College is comparatively better in all academic areas than the other ones. Accurate is really the best institute for management in Greater Noida.

- Tanya Pathak

FACULTY AT ACCURATE

HIGHLY ACCOMPLISHED AND DEMONSTRABLY EXPERIENCED

A string faculty is what makes a curriculum worthy. If the instructors are weak, even the most painstakingly designed curriculum will fail to leave a mark. If the input (i.e. the students) is good and the processing machinery (i.e. the faculty) is not, it cannot result in a positive result for the students as well as the institute. That is why we employ nothing but the best of industry and academic experts to be a part of the faculty at Accurate.

The distinctive features of faculty at Accurate are:

HIGHLY ACCOMPLISHED AND DEMONSTRABLY EXPERIENCED

At Accurate, we promote a perfectly crafted blend of theoretical and practical knowledge. This is the reason our faculty is an amalgamation of the best academicians in the business and crème de la crème of corporate world. This potent mix affords students a unique opportunity to master the theories of management while also learning their application in real life situations. Members of the faculty are continually engaged in researching the course curriculum so as to keep it updated on a regular basis and provide students with nothing but the most pertinent information on their fields.

Devout academicians and astute business managers together form a formidable force that serves the cause of Accurate. Apart from these, the most distinguished members in the academic circles from some of the finest institutions in the country visit Accurate on a regular basis as visiting faculty. Accurate provides ample opportunity to its faculty members to pursue research so as to benefit their own knowledge as well as the students'. Furthermore, the learned members of faculty at Accurate are completely at home with the latest techniques being employed for instructing management students like audio visual aids, interactive learning sessions, and the likes.

RICH IN INDUSTRIAL AND ACADEMIC EXPERIENCE

It is not only the wisdom but also the demeanor of the faculty at Accurate that commands respect. Industry veterans with commendable expertise experience to their credit, they are a veritable cornucopia of knowledge both theoretical and practical. Highly laurelled and accomplished members of the corporate and academic world adorn the classrooms at Accurate and we are proud of this fact.

Making the most of their knowledge and expertise and endowing children with the indispensable experience of theories fused into practical and relatable experiences, our faculty is engaging, considerate, accommodating, and encouraging. Under their tutelage, students learn the most important lessons in management with rapt attention. Taking responsible of every student under their folds, they bestow personalized attention to the needs of every individual and take it upon themselves to develop them into better managers and more importantly, better human beings. Their industrial ties also help students gain irreplaceable industry connections and insights. The Faculty at Accurate will:

- Inspire You
- Encourage You
- Hone You
- Guide You
- Comprehend You
- Assist You

LIFE AT ACCURATE

At Accurate, diligence is a norm. We take extreme care in making the institute as inviting and rewarding as possible. Once you have crossed the threshold, you are already on the brink of a life changing expedition. But as the old maxim goes, "A job well begun is a job half done." Students accepted into our folds have just entered the transformation phase of their lives. The next two years shape the coming decades of their success. We offer them a world of learning and personality development to best hone their inherent skills and develop managerial talent. We recognize that a comprehensive training in scholastic pursuits as well as personal grooming constitute an important part of how our students perform in the years ahead and to ensure assiduous care in both the aspects, we have devised a curriculum in keeping with this requirement.

Meticulous care is taken in ensuring the students thrive in a positive and nurturing environment. Some of the details that underline this fact include:

ORIENTATION PROGRAMME

Taking into account the varied social settings that our students hail from, a comprehensive orientation programme is scrupulously designed at Accurate to ease the transition into professionals. This program gives the newcomers a platform to interact with their peers and seniors as well as the faculty in an affable manner so as to alleviate their initial qualms and unease. The students are familiarized with the working of the institute and their module as well as their fellow students for a smooth life while in the institute.

SEMINARS, WORKSHOPS AND CONFERENCES

At Accurate, we are concerned with the compendious of our pupil through scrupulous efforts on the academic front and equally arduous exercises on the personality development aspect. To hone the soft skills of students under our tutelage, we organize for colloquiums, Workshops and conferences on a regular basis which afford our students the chance of locking horns with academic luminaries in various walks of life and also interact with industry experts on real life practical aspects of management. The workshops and conferences facilitate development of management aptitude in students on a fundamental level and they learn to tackle crises with efficiency.

Another prominent plus to attending such seminars and workshops

is observed as the marked improvement in students' confidence and interpersonal interactions. They also contribute to developing a creative thinking ability and direct orientation towards research based outlook towards management quandaries. We are also working on plans to chalk out the course for a number of international level conferences and seminars that would go a long way towards students realizing their academic goals.

MANAGERIAL GROOMING

To work as managers in the years ahead, students need to be able to negate the adversities situations present in real time workplace environment. Though students are groomed with knowledge in all pertinent domains and given extensive training in conceptualization aspects, there is simply no surrogate for management specific grooming. All pervading development of students in personality aspects such as desirable attitudes, pertinent behavioral traits, required values and motives are important to absorb through a carefully planned series of limbering up endeavors. Protensive student profiling is accomplished through sporadic assessments, avuncular sessions and constructive recommendations.

The aim of such exercises is to equip students with the aptitude and disposition to have a crack at corporate issues likely to be encountered in their jobs. The sessions cover a wide gamut of topics such as business ethics, decision making, interpersonal skills, responsible corporate governance, green development, development and execution of sustainable business plans and lots more. Lending weight to their worth as future managers, grooming sessions at Accurate are directed at enabling strategic planning and decision making among students.

ZERO FORBEARANCE IN RAGGING

Professional institutions are notorious for their ragging. At Accurate, freshers can take heart in the fact that there is absolutely no leniency show towards those engaging in this unconstructive and immoral activity. The regulations at Accurate call for stringent disciplinary action on perpetrators of such activities. A healthy and positive environment is mentored at Accurate to allow students from diverse backgrounds and cultures gel with the fabric of the institute and integrate with the values and morals that we hold in high esteem for a fruitful life ahead.

WORKSHOPS CONFERENCES AT ACCURATE

CAMPUS ACTIVITY BOARD (CAB)

The huge diversity and depth in our talent pool is evident in the sheer numbers and multiplicity of student bodies and clubs. These are primarily formulated as a means to vent the creative orientations of students and to channelize their time into constructive activities while at Accurate. Group interaction made possible by such clubs and student organization is an aspect that relaxes and rejuvenates students and places them in groups to improve interactions and group dynamics.

These clubs also afford students to pursue their interest in sporting activities like indoor and outdoor games which further instill in them the importance of team spirit. A few of the objectives of such societies are enumerated as:

- To allow students to pursue their interests in a gratifying manner
- To vent hidden talent among students
- To develop a sense of conviviality and fraternization amongst them
- To make time for recreational activities
- To cultivate team spirit and competitive aptitude

ACCURATE: A LEARNING EXPERIENCE

An educational degree at Accurate is much more than an academic exercise and extends to levels of amplitude that combine various facets of a student's psyche and temperament and conclusively culminating in augmentation of an individual's intellect and congruity in proportion with the demands of the corporate world.

At Accurate, we facilitate:

Ingenious Ideation

Creativity is a paramount element of a contemporary manager. It is a tool that makes them distinctive and singular in their own dominion. It is an asset that contributes in large measures towards a successful managerial career. At Accurate, we nurture creativity and embolden students to try their hand at novelty.

Imbuing Tenacity and Aplomb

Confidence is the key to success in any arena. Without a humble but reasonable confidence in your own abilities, one can't be successful or content. To instill this pertinent and ever important trait in our students, we undertake explicit measures to confer unto them the gift of confidence sowing the seeds for a successful career.

Professional Traits

To cultivate a professional aptitude, it is imperative to introduce students to the world of management guidelines and pertinent behavior at a budding stage so as not to overwhelm them with too much to cope up with once they enter the folds of the corporate world. At Accurate, we ascertain this by engaging our students in regular extracurricular activities and personality development programmes.

Erudition at Accurate is a treasure cove of interrelated activities that lead to a blanket development of scholars into holistic managerial candidates. Going beyond the curriculum, Accurate works on pertinent skills and their perfection aiding students in realizing their goals.

Corporate Exposure...kindling the fire within

Every student that enters into the folds of Accurate is inherently capable of making it to the boundaries of success. The only need is for the right direction and the appropriate impetus. We ensure students a windfall through our excellent industry connections and corporate network. Further consequence is lent to the Accurate way of things by the fact that major national and international corporations have set up shop in the Delhi/NCR affording students a remarkable stab at succeeding.

COMMUNICATION SKILLS- THE SUM AND SUBSTANCE OF MANAGEMENT TRAINING

Globalization has raised the standard of competition as well as expectations of business houses and therein lays the need for mastering communication skills for a management aspirant. We stress this need and accordingly prepare our pupil to achieve perfection in pertinent skills transforming them into leaders with a global perspective.

LIFE AT ACCURATE

ACCURATE: HOUSE FOR TALENT EARMARKED FOR EMINENCE

At Accurate, we descry with the need for resolution of individual as well as group issues that a student faces along their journey to the top. To ensure this, individual and cluster activities are encouraged which make an impact on the future prospects of our students. Special time is allotted to students on Saturdays to strengthen their tenebrous aspects and enable them to reap the rewards of countless taxing hours they put into perfecting their skills.

SPECIAL DISPOSITIONS OF ACCURATE CONGRUOUS TO ENHANCING A STUDENT'S EXPERIENCE

We understand the inherent diversity arising out of the disparate social, cultural and educational backgrounds and provide for due equilibrium to be spawned with the help of dedicated faculty members assisting students to cope with the pressures of demanding curriculum and challenging milieus.

PERTINENT ERUDITION TO STUDENTS WITH NON COMMERCE EDUCATIONAL BACKGROUNDS

At Accurate, we understand grasping the basics of typical subjects like economics and finance can be formidable and burdensome for those coming from a non commerce background. To help such students, special sessions in fundamentals of such subjects are organized to help bridge the gap.

MATHEMATICS EXERCISES FOR STUDENTS FROM A NON MATH STREAM

In much the similar way, non math graduates are afforded special training modules for establishment of a strong grasp over the elementary theories and topics comprising subjects like statistics and decision making models in management. These extra efforts put into students' preparation for their curriculum go a long way towards securing a clear understanding of course objectives.

SPORTS

Ample opportunity is afforded to students to flex their muscles and indulge in sporting activities, both indoor and outdoor, like Cricket, Volleyball, Snooker, Pool, Table Tennis and many more. In addition to being a source of rejuvenation, they also contribute toward building a healthy team spirit and improve group dynamics.

TALENT HUNT COMPETITIONS

Many innovative and interactive emulous activities are undertaken at Accurate giving students an avenue for their creative and untapped talents. Such activities include talent hunt competitions, sporting events and various other engagements that proffer students a chance to test their abilities when pitted against likeminded individuals.

ADMISSION PROCEDURE

ELIGIBILITY

All the PGDM aspirants should have good communication skills (Reading & Writing)

A valid CAT/MAT/XAT/CMAT Score with 50% in graduation makes them eligible for this intensive industry oriented regular PGDM programme.

The Selection Procedure also includes an Internal Admission Test (Aptitude test along with English Assessment) and Finally the selection is declared after Group Discussion & Personal Interview.

DOCUMENTS REQUIRED FOR ADMISSION:

- 1. Birth Certificate
- 2. Graduation Mark Sheets & Degree
- 3. CAT/MAT/XAT/CMAT Score card
- 4. Four Recent passport size coloured photograph

The applicant is required to carry three sets of the documents (duly attested by the gazette officer) along with the original documents at the time of admission.

Course fee: 6 Lakhs for two year

SCHOLARSHIPS

At Accurate, we have a tradition of rewarding and nurturing talent and make it a point to recompense meritorious students in the best possible way. We disburse scholarships to those who come to our folds after scoring high in competitive entrance examinations. We always welcome talent into our institution and to reward those who have shown resilience and demonstrable results in the face of extreme competition, we have devised a special incentive program in the form of scholarships that we offer as an indicative of our appreciation for their untiring efforts. Please feel free to ask your counselor for more details on scholarships.
